Self-ideal items

1. If you could choose the extent to which you experienced happiness and sadness in your life, what level would you choose?
2. If you could choose the level of pleasure in your own life, what level would you choose?
3. If you could choose your level of self-esteem, what level would you choose?
4. If you could choose your level of health, what level would you choose?
5. If you could choose the level of freedom in your own life, what level would you choose?
6. If you could choose your level of intelligence, what level would you choose?

We would like you to indicate your desired intelligence level using an IQ score. NOTE: although IQ has no "maximum" score, a score of 100 indicates an average level of intelligence.

Please write your preferred level of IQ here:

7. If you could choose how long you lived, how long would that be?

   Your answer here should presume that you would continue to age at a normal rate, and that there would be no "magic" pill of eternal youth.

   Please write below (in numbers) how long you would want to live (in whole years).

   If you want to live forever, write "Forever"
8. Now imagine there *was* a "magic" pill of eternal youth.

   Please write below (in numbers) how long you would want to live (in whole years).

   If you want to live forever, write "Forever"

Societal ideal items

1. If you could choose the level of crime in [national] society, what level would you choose?

2. If you could choose the level of morality in [national] society, what level would you choose?
3. If you could choose the level of equality (that is, equality of opportunity for all) in [national] society, what level would you choose?
4. If you could choose the level of freedom in [national] society, what level would you choose?
5. If you could choose the level of national security in [national] society, what level would you choose?
6. If you could choose the level of creativity in [national] society, what level would you choose?
7. If you could choose the level of technological advance in [national] society, what level would you choose?
8. If you could choose the level of people's ambition in [national] society, what level would you choose?
9. If you could choose the level of friendliness in people in [national] society, what level would you choose?
10. Environmental sustainability is about using resources that meet the needs of the present without compromising the ability of future generations to meet their own needs.

    If you could choose the level of environmental sustainability in [national] society, what level would you choose?

If you could choose your level of intelligence, what level would you choose? We would like you to indicate your desired intelligence level using an IQ score. NOTE: although IQ has no “maximum” score, a score of 100 indicates an average level of intelligence. Please write your preferred level of IQ here:	Si pudieras elegir tu nivel de inteligencia ¿qué nivel elegirías? Nos gustaría que indicaras tu nivel deseado de inteligencia usando una puntuación de Coeficiente Intelectual (CI). Nota: Aunque el CI no tiene puntuación máxima, una puntuación de 100 indica un nivel promedio de inteligencia. Por favor escribe tu nivel de CI deseado aquí:
If you could choose how long you lived, how long would that be? Your answer here should presume that you would continue to age at a normal rate, and that there would be no “magic” pill of eternal youth. Please write below (in numbers) how long you would want to live (in whole years). If you want to live forever, write "Forever"	Si pudieras elegir cuánto tiempo vivir, ¿cuánto tiempo sería? Tu respuesta debería considerar que envejecerás a un ritmo normal, y que no habrá una píldora “mágica” de eterna juventud. Por favor escribe a continuación (en números) cuánto querrías vivir (en años completos). Si quieres vivir para siempre, escribe “para siempre”.
Now imagine there was a “magic” pill of eternal youth. Please write below (in numbers) how long you would want to live (in whole years). If you want to live forever, write "Forever"	Ahora imagina que hubiera una píldora “mágica” de eterna juventud. Por favor escribe a continuación (en números) cuánto querrías vivir (en años completos). Si quieres vivir para siempre, escribe “para siempre”.
If you could choose your level of health, what level would you choose?	Si pudieras elegir tu nivel de salud, ¿qué nivel elegirías?
If you could choose the level of freedom in your own life, what level would you choose?	Si pudieras elegir tu nivel de libertad en tu propia vida, ¿qué nivel elegirías?

If you could choose the extent to which you experienced happiness and sadness in your life, what level would you choose?	Si pudieras elegir hasta qué punto experimentarás felicidad y tristeza en tu vida, ¿qué nivel elegirías?
If you could choose the level of pleasure in your own life, what level would you choose?	Si pudieras elegir el nivel de placer en tu vida, ¿qué nivel elegirías?
If you could choose your level of self-esteem, what level would you choose?	Si pudieras elegir tu nivel de autoestima, ¿qué nivel elegirías?

English	**Korean**
If you could choose your level of intelligence, what level would you choose? We would like you to indicate your desired intelligence level using an IQ score. NOTE: although IQ has no "maximum" score, a score of 100 indicates an average level of intelligence. Please write your preferred level of IQ here:	**만약 자신의 지능 수준을 선택할 수 있다면, 어느 정도의 수준을 선택하시겠습니까?** 귀하가 희망하는 지능 수준을 IQ 지수로 표시해 주시기 바랍니다. 알림: IQ 는 "최대" 지수는없지만, IQ 100 이 평균 수준의 지능을 가리킵니다. 귀하가 희망하는 IQ 지수를 여기에 적어주세요:
If you could choose how long you lived, how long would that be? Your answer here should presume that you would continue to age at a normal rate, and that there would be no "magic" pill of eternal youth. Please write below (in numbers) how long you would want to live (in whole years). If you want to live forever, write "Forever"	**만약 얼마나 오래 살지 결정할 수 있다면,** **몇 살 까지 살고 싶으십니까?** 정상적인 속도로 계속 나이가 들고, 불로하게 해주는 "마법의 약"은 존재하지 않는다는 가정하에 답변해주시기 바랍니다. **몇 살까지 살고 싶으신지 아래에 적어주시기 바랍니다** **(숫자로, 소수점 사용 안됨).** 만약 영원히 살고 싶으시다면, "영원히"라고 적어주세요.

Now imagine there was a “magic” pill of eternal youth. Please write below (in numbers) how long you would want to live (in whole years). If you want to live forever, write "Forever"	자, 이제 불로할 수 있는 “마법의 약” 이 존재한다고 상상해 보세요. 몇 살까지 살고 싶으신지 아래에 적어주시기 바랍니다 (숫자로, 소수점 사용 안됨). 만약 영원히 살고 싶으시다면, “영원히”라고 적어주세요.
If you could choose your level of health, what level would you choose?	만약 자신의 건강 수준을 선택할 수 있다면, 어느 정도의 수준을 선택하시겠습니까?
If you could choose the level of freedom in your own life, what level would you choose?	만약 자신의 삶에서 자유의 수준을 선택할 수 있다면, 어느 정도의 수준을 선택하시겠습니까?
If you could choose the extent to which you experienced happiness and sadness in your life, what level would you choose?	만약 자신의 삶에서 겪을 행복과 슬픔의 정도를 선택할 수 있다면, 어느 정도의 수준을 선택하시겠습니까?
If you could choose the level of pleasure in your own life, what level would you choose?	만약 자신의 삶에서 즐거움의 수준을 선택할 수 있다면, 어느 정도의 수준을 선택하시겠습니까?
If you could choose your level of self-esteem, what level would you choose?	만약 자신의 자부심 수준을 선택할 수 있다면, 어느 정도의 수준을 선택하시겠습니까?
English	**Swedish**
If you could choose your level of intelligence, what level would you choose? We would like you to indicate your desired intelligence level using an IQ score. NOTE: although IQ has no “maximum” score, a score of 100 indicates an average level of intelligence. Please write your preferred level of IQ here:	**Om du kunde bestämma din egen intelligensnivå, var skulle du sätta nivån?** Vi skulle vilja att du anger din önskade intelligensnivå med hjälp av ett IQ-värde. Obs! Det finns inget maxvärde för IQ, men 100 motsvarar en genomsnittlig intelligensnivå. Skriv din önskade IQ-nivå här:
If you could choose how long you lived, how long would that be?	**Om du kunde välja hur länge du fick leva, vad skulle du svara?**

Your answer here should presume that you would continue to age at a normal rate, and that there would be no “magic” pill of eternal youth. Please write below (in numbers) how long you would want to live (in whole years). If you want to live forever, write "Forever"	Förutsättningen för svaret är att du fortsätter att åldras i normal takt och att det inte finns något "magiskt" piller som ger evig ungdom. **Skriv nedan (i siffror) hur länge du vill leva (ange år i heltal).** Om du vill leva för evigt skriver du "För evigt"
Now imagine there was a “magic” pill of eternal youth. Please write below (in numbers) how long you would want to live (in whole years). If you want to live forever, write "Forever"	**Tänk dig nu att det finns ett "magiskt" piller som ger evig ungdom.** **Skriv nedan (i siffror) hur länge du vill leva (ange år i heltal).** Om du vill leva för evigt skriver du "För evigt"
If you could choose your level of health, what level would you choose?	**Om du kunde bestämma nivån på din hälsa, var skulle du sätta nivån?**
If you could choose the level of freedom in your own life, what level would you choose?	**Om du kunde bestämma frihetsnivån i ditt eget liv, var skulle du sätta nivån?**
If you could choose the extent to which you experienced happiness and sadness in your life, what level would you choose?	Om du kunde välja i vilken utsträckning du upplevde lycka och sorg i livet, hur skulle du fördela dem?
If you could choose the level of pleasure in your own life, what level would you choose?	**Om du kunde bestämma njutningsnivån i ditt eget liv, var skulle du sätta nivån?**
If you could choose your level of self-esteem, what level would you choose?	**Om du kunde bestämma nivån på din självkänsla, var skulle du sätta nivån?**
