

Tuesday 5th April 2016

Dear Mr Prokop and Mr Patel,

I'm just writing a quick note to let you know how much we appreciated having you visit today. The children enjoyed it immensely. We know how busy you both are so it was incredibly kind of you to support the children with their learning. All the children have mentioned how much they enjoyed the slides, videos and worksheets you brought with you. I can't imagine what time and effort went into creating them! The children have mentioned that one of the many highlights of the lesson was getting to use the microscopes. They have all written in their evaluations that they would have liked more time with this activity. Luckily you anticipated this! You can't imagine how thrilled they all were to discover that you had left the microscopes and slides behind! We also look forward to logging any changes in our larvae over the next few days.

Thanks again for your support; we have all learnt so much!

Regards,

Miss Holloway

A handwritten signature in black ink, appearing to read 'A Holloway', written over the printed name 'Miss Holloway'.

Tuesday 5th April 2016

Dear Mr Prokop and Mr Patel,

I am writing to you today to say that I very much appreciated that you came in today to teach us about lifecycles. We know you are very busy people and it was very kind of you to take a whole morning of work just to teach us. Miss Holloway says that you have requested feedback on the lesson. I would like to say that I very much enjoyed the lesson. My favourite parts were learning about the diseases and the part where we saw the plics under the microscope. If I had to change one thing about the lesson would be that we could have some more time looking at the plics under the microscope.

Thanks again!

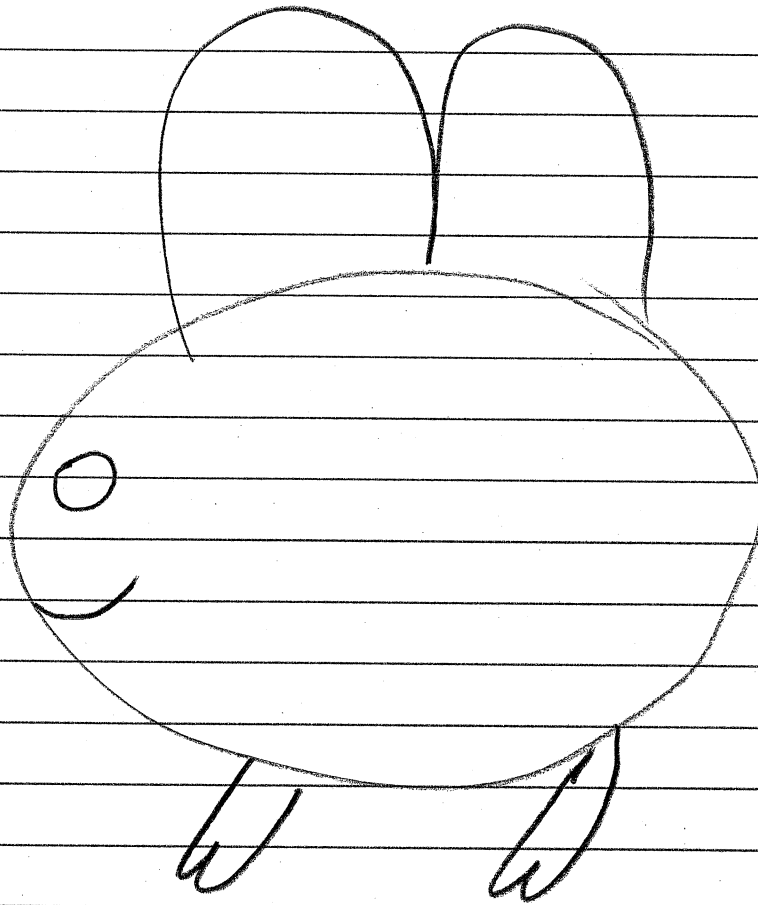

Yours sincerely Myrtle Jordan

Dear Mr-phoebe and Mr-petel

I am writing to say thank you to you both I know you are really busy But i really enjoyed the Microscop and i did think we should had more time on the Microscop-

Thank you

Your Sincerley Maia.

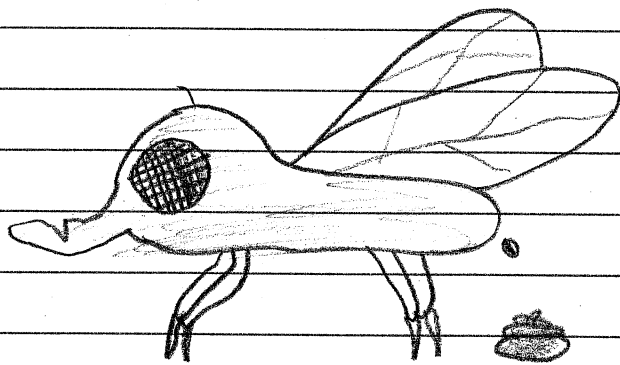

Dear Mr Prokop and Mr Patel

To day it was a blast it was fun to have you her because you took time off and when to are shcool which is ~~& so~~ super nice but if you had time off ~~the~~ and when to our shcool it is still nice for you to come.

So about the time we had you her was super great so about the work my best of the work was to see what fly was which was which. So that you and Patel stayed for about 45 mins but it was still fun and cool.

But what ~~in~~ was the best thing is found out about the types of flies because i did not no that much types of flies.

Tuesday 5th April 2016

Dear Mr Prokop and Mr Patel,
I am writing to tell you both
how much we appreciated
your visit to our class today. You both
are very good Scientists, I am so
pleased that you came in our class,
because I didn't know about all the
different bugs. You came to show us how
all the creatures grow up. The thing I
like the most was: The telescope

Thank you
By: Jamie

Dear Mr Prokop and Patel

I am so happy that you could come over and teaching us about the Lifecycles of the fly and talked us through the different insects and I know you are seriously busy people and you ~~take~~ take some time for us and going step by step with us.

My favorite part was when we looked through the microscope but if I had to change I would change the power point

thank you from William

B Dear mr prakash / patel

Tuesday 5th March 2016

I'm here to say thank you for using your time to help us with are learning. I ~~will~~ hope you enjoyed your time with ~~an~~ ^{our} class.

I enjoyed watching the video about the way light sound it very interesting. I also enjoyed looking throu the microscope and I liked the worksheets.

I think that we should have got longer to look in ~~the~~ the microscope, I also wish we got to look at other things through the microscope.

From Andrew

Tuesday 5th April 2016

Dear Mr Prokop and Mr Patel

I am writing to tell you ~~about~~ how I felt about the lesson you taught us. I very appreciate you coming in in your spare time to teach so thank you. You asked us to tell you how we felt about the lesson my favourite bit of the lesson was looking at the bugs through the microscope the thing I ~~would~~ would change would be spend more time on ~~us~~ looking through the microscope.

Your Sincerely Eime Vaughan

Tuesday 5th April 2016

Dear Mr Prokop and Mr Patel,

I am writing to inform you about your lesson ~~on~~ and how our class greatly esteems your work.

My favorite part of the session was looking at the flies under the microscope. If I (sadly) had to change one thing it would be the graphic explanations of the diseases, but once again, thank you.

Yours sincerely, Milo.

Dear Mr Patel and Mr Prokop,

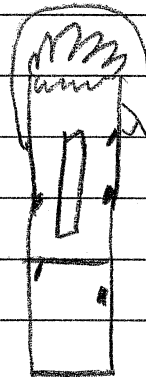

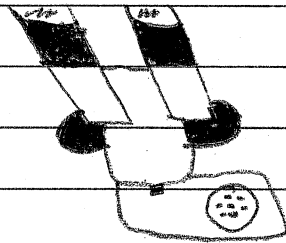

I am extremely happy that you came to our class and gave us a great lesson, I really enjoyed it. I am writing to tell you, thank you so much I really appreciated it. My favourite part was looking through the microscope, but really do wish that we had a little more time looking through the microscope, but I still had a great time.

Thank you again for coming to our class,
it was ~~awsem~~ awesome!

your Sincerely,

Cacimke Keane

Tuesday 5th April 2016

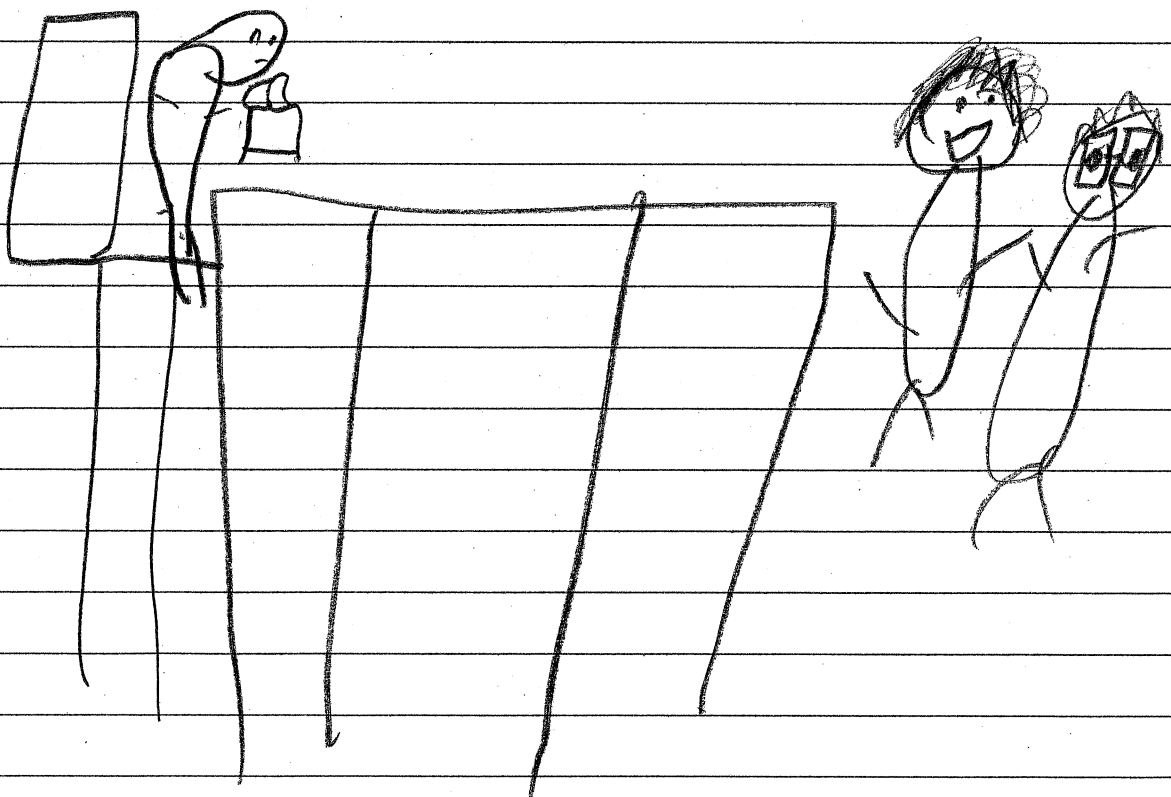

Dear Mr Prokop and Mr Patel.

I am ~~here~~ writing this letter
Say thank you for visiting our
class. My favourite part was when
we got to look in the telescope
and see the flies, and the ~~guessing~~
the flies work.

Thank you for ~~doing~~ doing
it was fun.

Yours Sincerely

Jan Anderson.

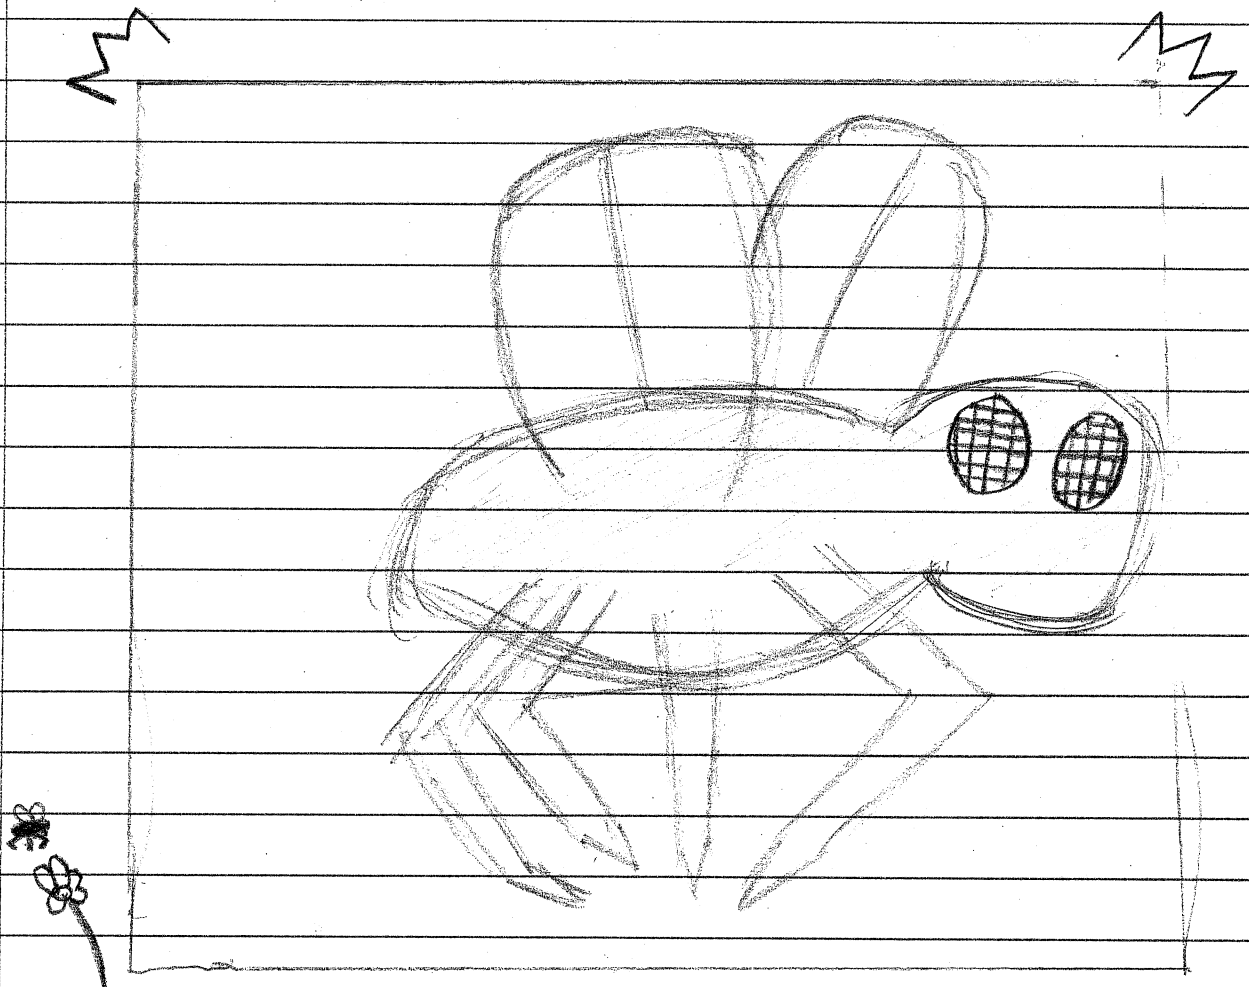

Tuesday 5th April 2016

Dear Mr Prokop and Mr Patel,

I am here to let you know that we are really thankful for coming here and having a lesson with us also we had a great time. This was fascinating because we used the microscope. My favourite part was the part where we had to see in which order they were in. If I had to change one thing it would be to see the bugs in the tubes.

It was awesome!

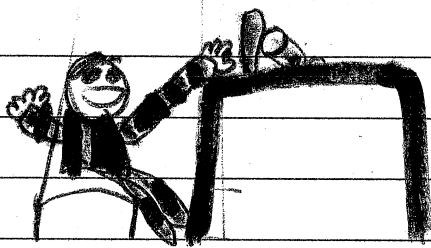

Yours Sincerely,
Olaf Siemak

Dear Mr prokop and Patel,

I am writing to let you both know how much I appreciate you for coming. We know that both of you are very hard working people and it was kind of to take your time out of work. You have asked us to give you some feedback. The thing I enjoyed the most was looking at the fabulous fly's. One thing that I think you should change is giving us a little bit more time on the worksheet.

Thank you again for coming into ~~our~~ class. It was great!
Many thanks Lucas Dineen

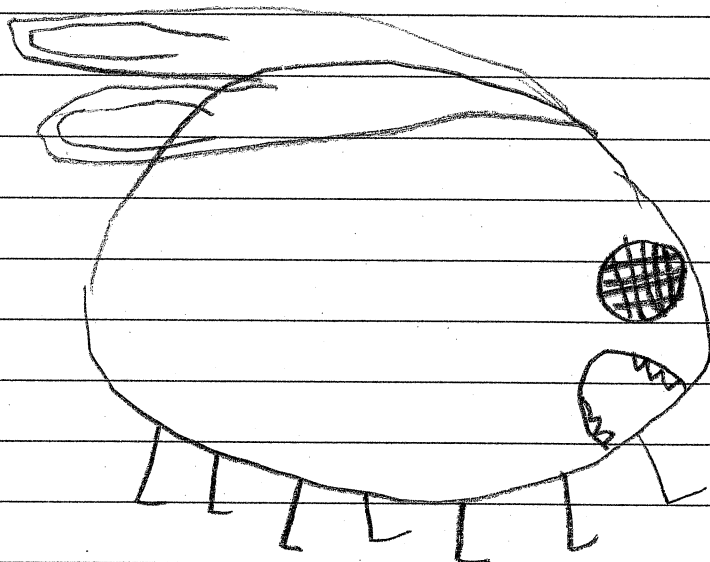

X Tuesday 5th April 2016

Dear Mr Prokop and Mr Patel.

I am writing to let you both know how much we appreciate your visit to our class today. I liked looking at the fly's. I especially liked the one with orange eyes it looked really cool and funny.

Thank you again for coming to our class.
It was awesome!
Yours Sincerely

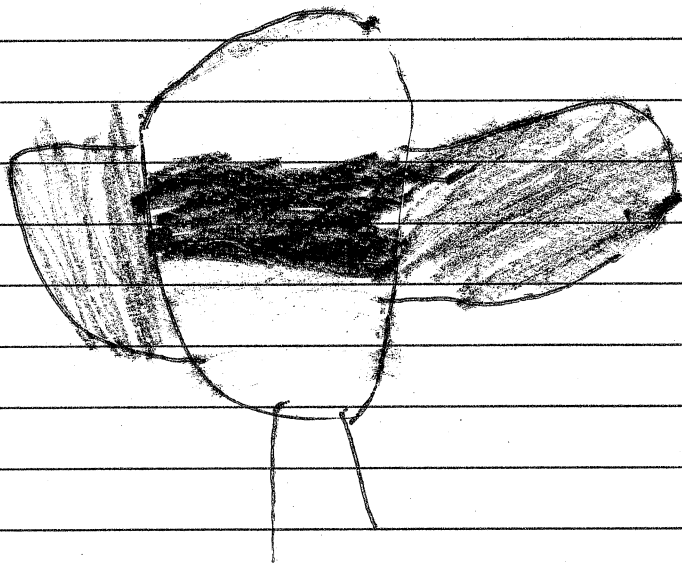

Patrick!!!

Mr. M. P. R. and Mr. P. A. R.
I am writing to say thank you for
coming to our school and taking
the supplies.

From

C. O. R. E. Y

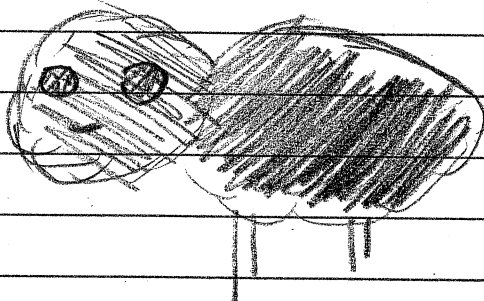

Tuesday 5th April

Dear Mr Prokop and Mr Patel,

I am writing to you to say thank you for everything I really enjoyed it all and it really helped it with our learning and I am very grateful for you coming in and taking some of your time. My favourite part was watching the video because I like how we got to see all of these different kind of flies and if I had to change something it would be look at the flies for longer. I had a fun ~~very~~ morning.

Your sincerely,

Rhianna

Dear mr prokop and mr patel,

I am writing you to say everything

mistake

Tuesday 5th April

Dear Mr Prokop and Mr Patel

I am writing to let you both know that we are very great
full that you took time today to teach us about flies
and the circle of life I really enjoyed learning ~~that~~ how
all the different animals breath and if I could change one
thing is to have more time on the microscope

yours Sincerely
Eve

Thank you.
