## **OPEN PRACTICES DISCLOSURE**

## PLEASE COMPLETE AND RETURN TO EDITORIALOFFICE@PSYCHOLOGICALSCIENCE.ORG

results, including codebook if relevant.

Psychological Science MS #: PSCI-	Corresponding author:
practices: publicly available data, material, or pro	anuary 1, 2014, are eligible to earn badges that recognize open scientific eregistered research plans. Please read more about the badges on our Open emation in the Open Science Framework wiki and FAQ.
Please check this box if you are no	ot interested in participating.
If you choose to participate, this form will be	posted with your article as supplemental online material.
information requested in the relevant sections. Y doi, or other <b>permanent path</b> for accessing the spublic, <b>open-access repositories are committe keeping them publicly accessible via the web be able to be changed at a later time.</b> Example the various Dataverse networks. Hundreds of oth and <a href="http://databib.org/">http://databib.org/</a> . Preregistration of an an	open practices, please check the appropriate box(es) below and provide the You will not qualify for a badge for a given item unless you can provide a URL, specified information in a public, open-access repository. Qualifying ed to preserving data, materials, and/or registered analysis plans and into perpetuity. Files must be registered with a time stamp and must not s of qualifying repositories include the Open Science Framework (OSF) and her qualifying data/materials repositories are listed at <a href="http://re3data.org/">http://re3data.org/</a> halysis plan must take place via a publicly accessible registry system (e.g., OSF, WHO Registry Network, institutional registration systems). Personal websites ify as repositories.
Authors who wish to publicly post third-party mauthority or permission agreement in order to do	aterial in their data, materials, or preregistration plan must have the proper o so.
For example, there are cases in which sharing painclude an explanation of such circumstances and not under conditions eligible to earn a badge—years.	ole or advisable to share any or all data, materials, or a research plan publicly. rticipants' data could violate confidentiality. If you would like your article to d/or provide links to any data or materials you have made available—even if ou may write an alternative note that will be published in the Open Practices ould like your article to include an alternative note and provide the text of the
Alternative Note:	
Application for Open Data Badge  1. Provide the URL, doi, or other permanen	<b>t path</b> for accessing the data in a <b>public, open-access repository</b> :
Confirm that there is sufficient infor	mation for an independent researcher to reproduce all of the reported

Confirm that you have registered the uploaded files so that they are **time stamped** and cannot be changed.

## **Application for Open Materials Badge**

1.	Provide the URL,	doi,	or other	permanent	path for	accessing	the mate	erials in a	public,	open	-access re	positor	V.

Confirm that there is sufficient information for an independent researcher to reproduce **all of the reported methodology**.

Confirm that you have registered the uploaded files so that they are **time stamped** and cannot be changed.

## **Application for Preregistered Badge**

- 1. Provide the URL, doi, or other **permanent path** to the **public** registration in a **public, open-access repository**.\*
- 2. Was the analysis plan registered prior to examination of the data or observing the outcomes? If no, explain.\*\*
- 3. Were there additional registrations for the study other than the one reported? If yes, provide links and explain.\*
- 4. Were there any changes to the preregistered analysis plan for the primary confirmatory analysis? If yes, explain.\*\*
- 5. Are all of the analyses described in the registered plan reported in the article? If no, explain.\*

By signing below, authors affirm that the above information is accurate and complete, that any third-party material has been reproduced or otherwise made available only with the permission of the original author or copyright holder, and that publicly posted data do not contain information that would allow individuals to be identified without consent.

<sup>\*</sup>No badge will be awarded if (1) is not provided, **or** if (3) is answered "yes" without strong justification, **or** if (5) is answered "no" without strong justification.

<sup>\*\*</sup>If the answer to (2) is "no," the notation DE (Data Exist) will be added to the badge, indicating that registration postdates realization of the outcomes but predates analysis. If the answer to (4) is "yes" with strong justification for changes, the notation TC (Transparent Changes) will be added to the badge, indicating that the analysis plan was altered but the preregistered analyses and rationale for the change are provided.
