Caltech

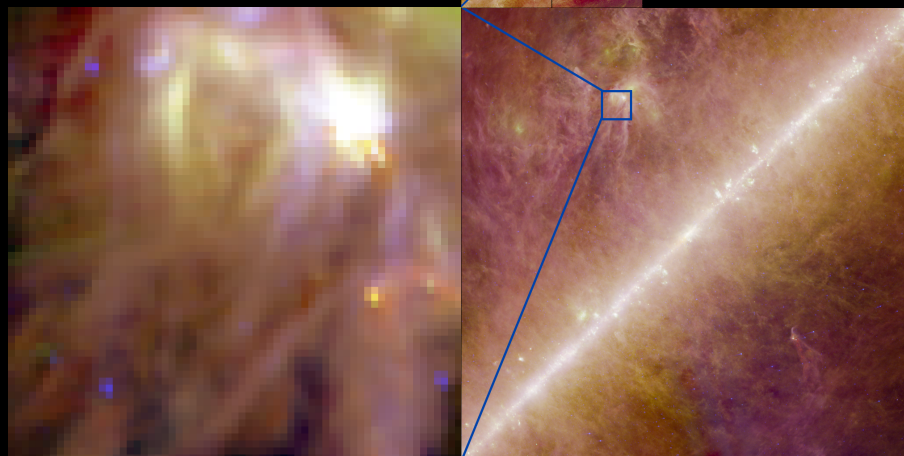

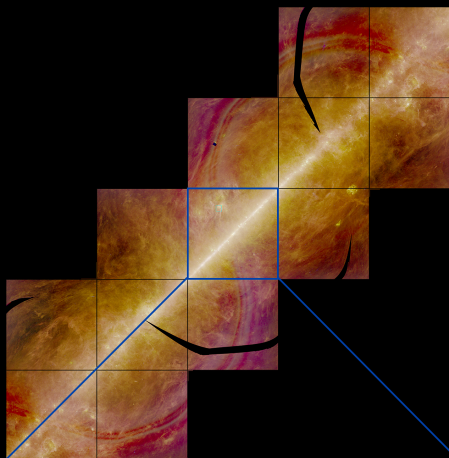

CSSI Element: Elements: Bringing Montage To Cutting Edge Science Environments.

PI: G. Bruce Berriman, Co-PIs: John C. Good Institutions: Caltech/IPAC-NExScl

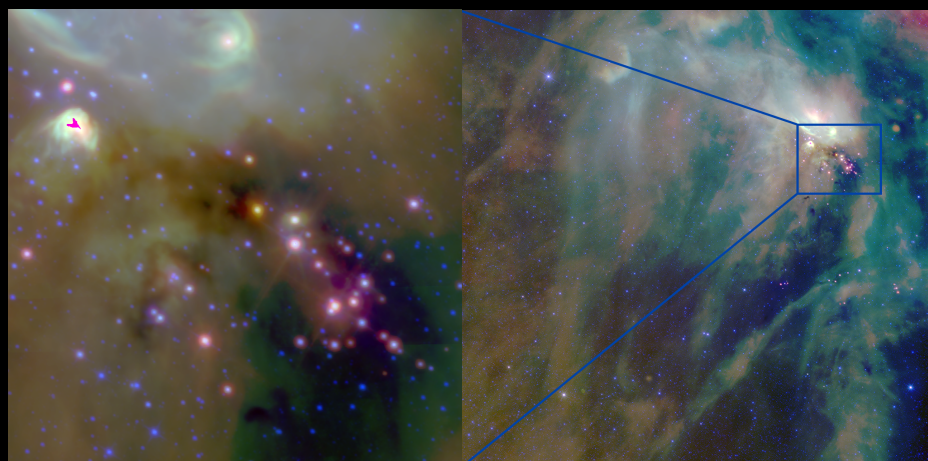

ALL SCALES GREAT AND SMALL: HiPS Visualization Of The Infrared Sky

- Hierarchical Progressive Surveys (HiPS) are a new way of visualizing images.
- Montage is crucial in creating HiPS images in the infrared.
 - Models infrared backgrounds.
 - Adaptive image stretch.
 - Supports HEALPix sky tessellation scheme that underpins HiPS.
- HiPS-enabled Montage code to be released Spring 2020.

ρ Ophiuchus. IRIS Mission. 3-color composite: 12, 60, 100 μm .

ρ Ophiuchus. WISE Mission. 3 color composite: 3.6, 12 and 22 μm .
