383,85	 A photograph showing several dark, irregular fragments of sediment or rock. The fragments are dark brown to black, with a rough, fractured texture. They are scattered on a light-colored surface. A blue label with the number '12' is partially visible in the top left corner.
388,85	 A photograph showing several dark, irregular fragments of sediment or rock. The fragments are dark brown to black, with a rough, fractured texture. They are scattered on a light-colored surface. A white label with the text 'LDPE' and a recycling symbol is visible in the bottom left corner.
390,69	 A photograph showing a large, dark, irregular fragment of sediment or rock. The fragment is dark brown to black, with a rough, fractured texture. It is positioned on a light-colored surface. A white label with the number '12' is partially visible in the top left corner.

392,21	 A photograph of a dark, brownish-grey sediment sample. The sample is irregularly shaped, roughly circular, and heavily cracked. It is placed on a white surface next to a ruler for scale. The ruler shows centimeters from 1 to 6. A small red mark is visible on the sample near the 1 cm mark on the ruler.
393,66	 A photograph of a dark, brownish-grey sediment sample. The sample is irregularly shaped and appears to be a fragment of a larger mass. It is placed on a white surface next to a ruler for scale. The ruler shows centimeters from 1 to 6.

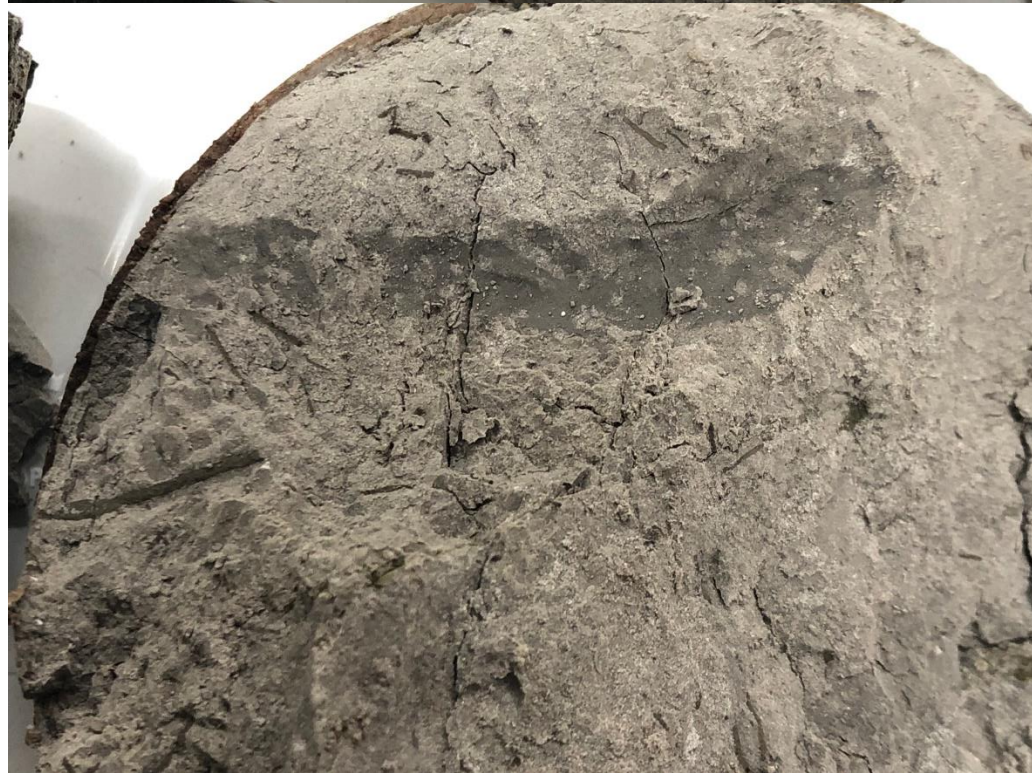

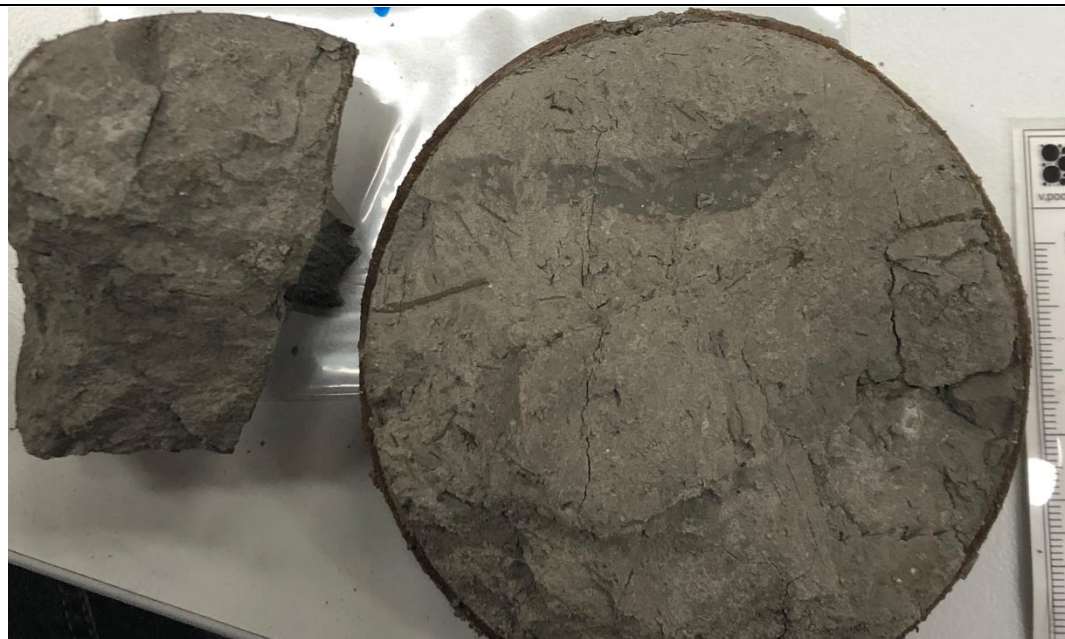

403,91	 A photograph of a dark, irregular rock sample, possibly a core sample, placed next to a ruler for scale. The ruler shows centimeters from 1 to 6. The rock is dark grey to black with some lighter, silty areas.
406,11	 Two photographs of dark rock samples held by fingers. The left image shows a dark, irregular rock sample. The right image shows a similar dark rock sample, possibly a core sample, held by fingers.
406,66	 A photograph of a dark, layered rock sample, possibly a core sample, placed next to a ruler for scale. The ruler shows centimeters from 1 to 4. The rock is dark grey to black with some lighter, silty areas.
