

Fig. S2. On the left column: apparent age spectra; plateau ages are indicated by the arrow; K/Ca data are shown and compared with the measured EMPA values (in brackets). On the right column: $^{39}\text{Ar}/^{40}\text{Ar}$ - $^{36}\text{Ar}/^{40}\text{Ar}$ isochron plot; black squares: plateau data points; grey squares: non plateau data points; white circle: total fusion data point.

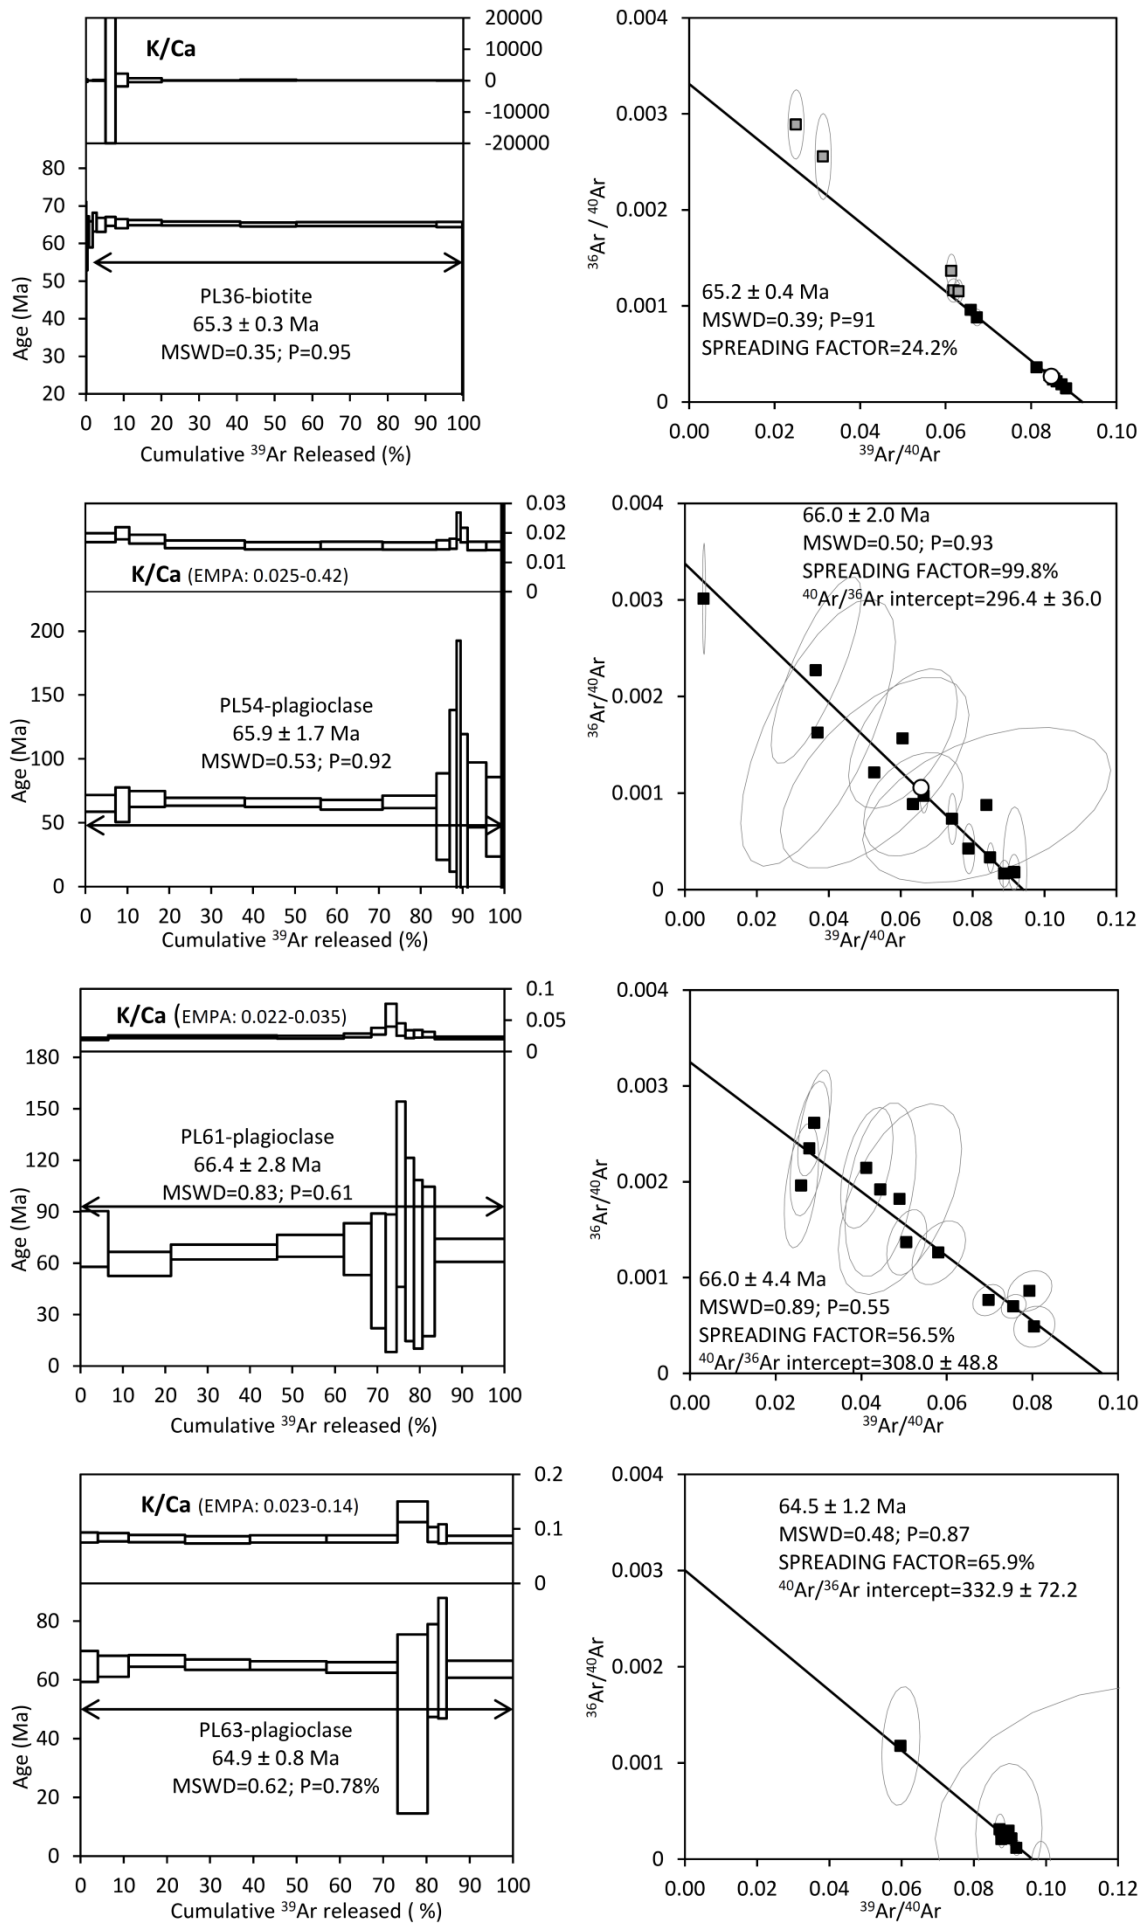

Fig. S2. Continued.
