

Mission

SHARE is a higher education initiative whose mission is to **maximize research impact** by making research widely accessible, discoverable, and reusable. To fulfill this mission SHARE is building a **free, open data set** about research and scholarly activities across their life cycle.

SHARE: Founded by academic leaders, built with open technology

Research universities are long-lived and are mission-driven to generate, make accessible, and preserve over time new knowledge and understanding.

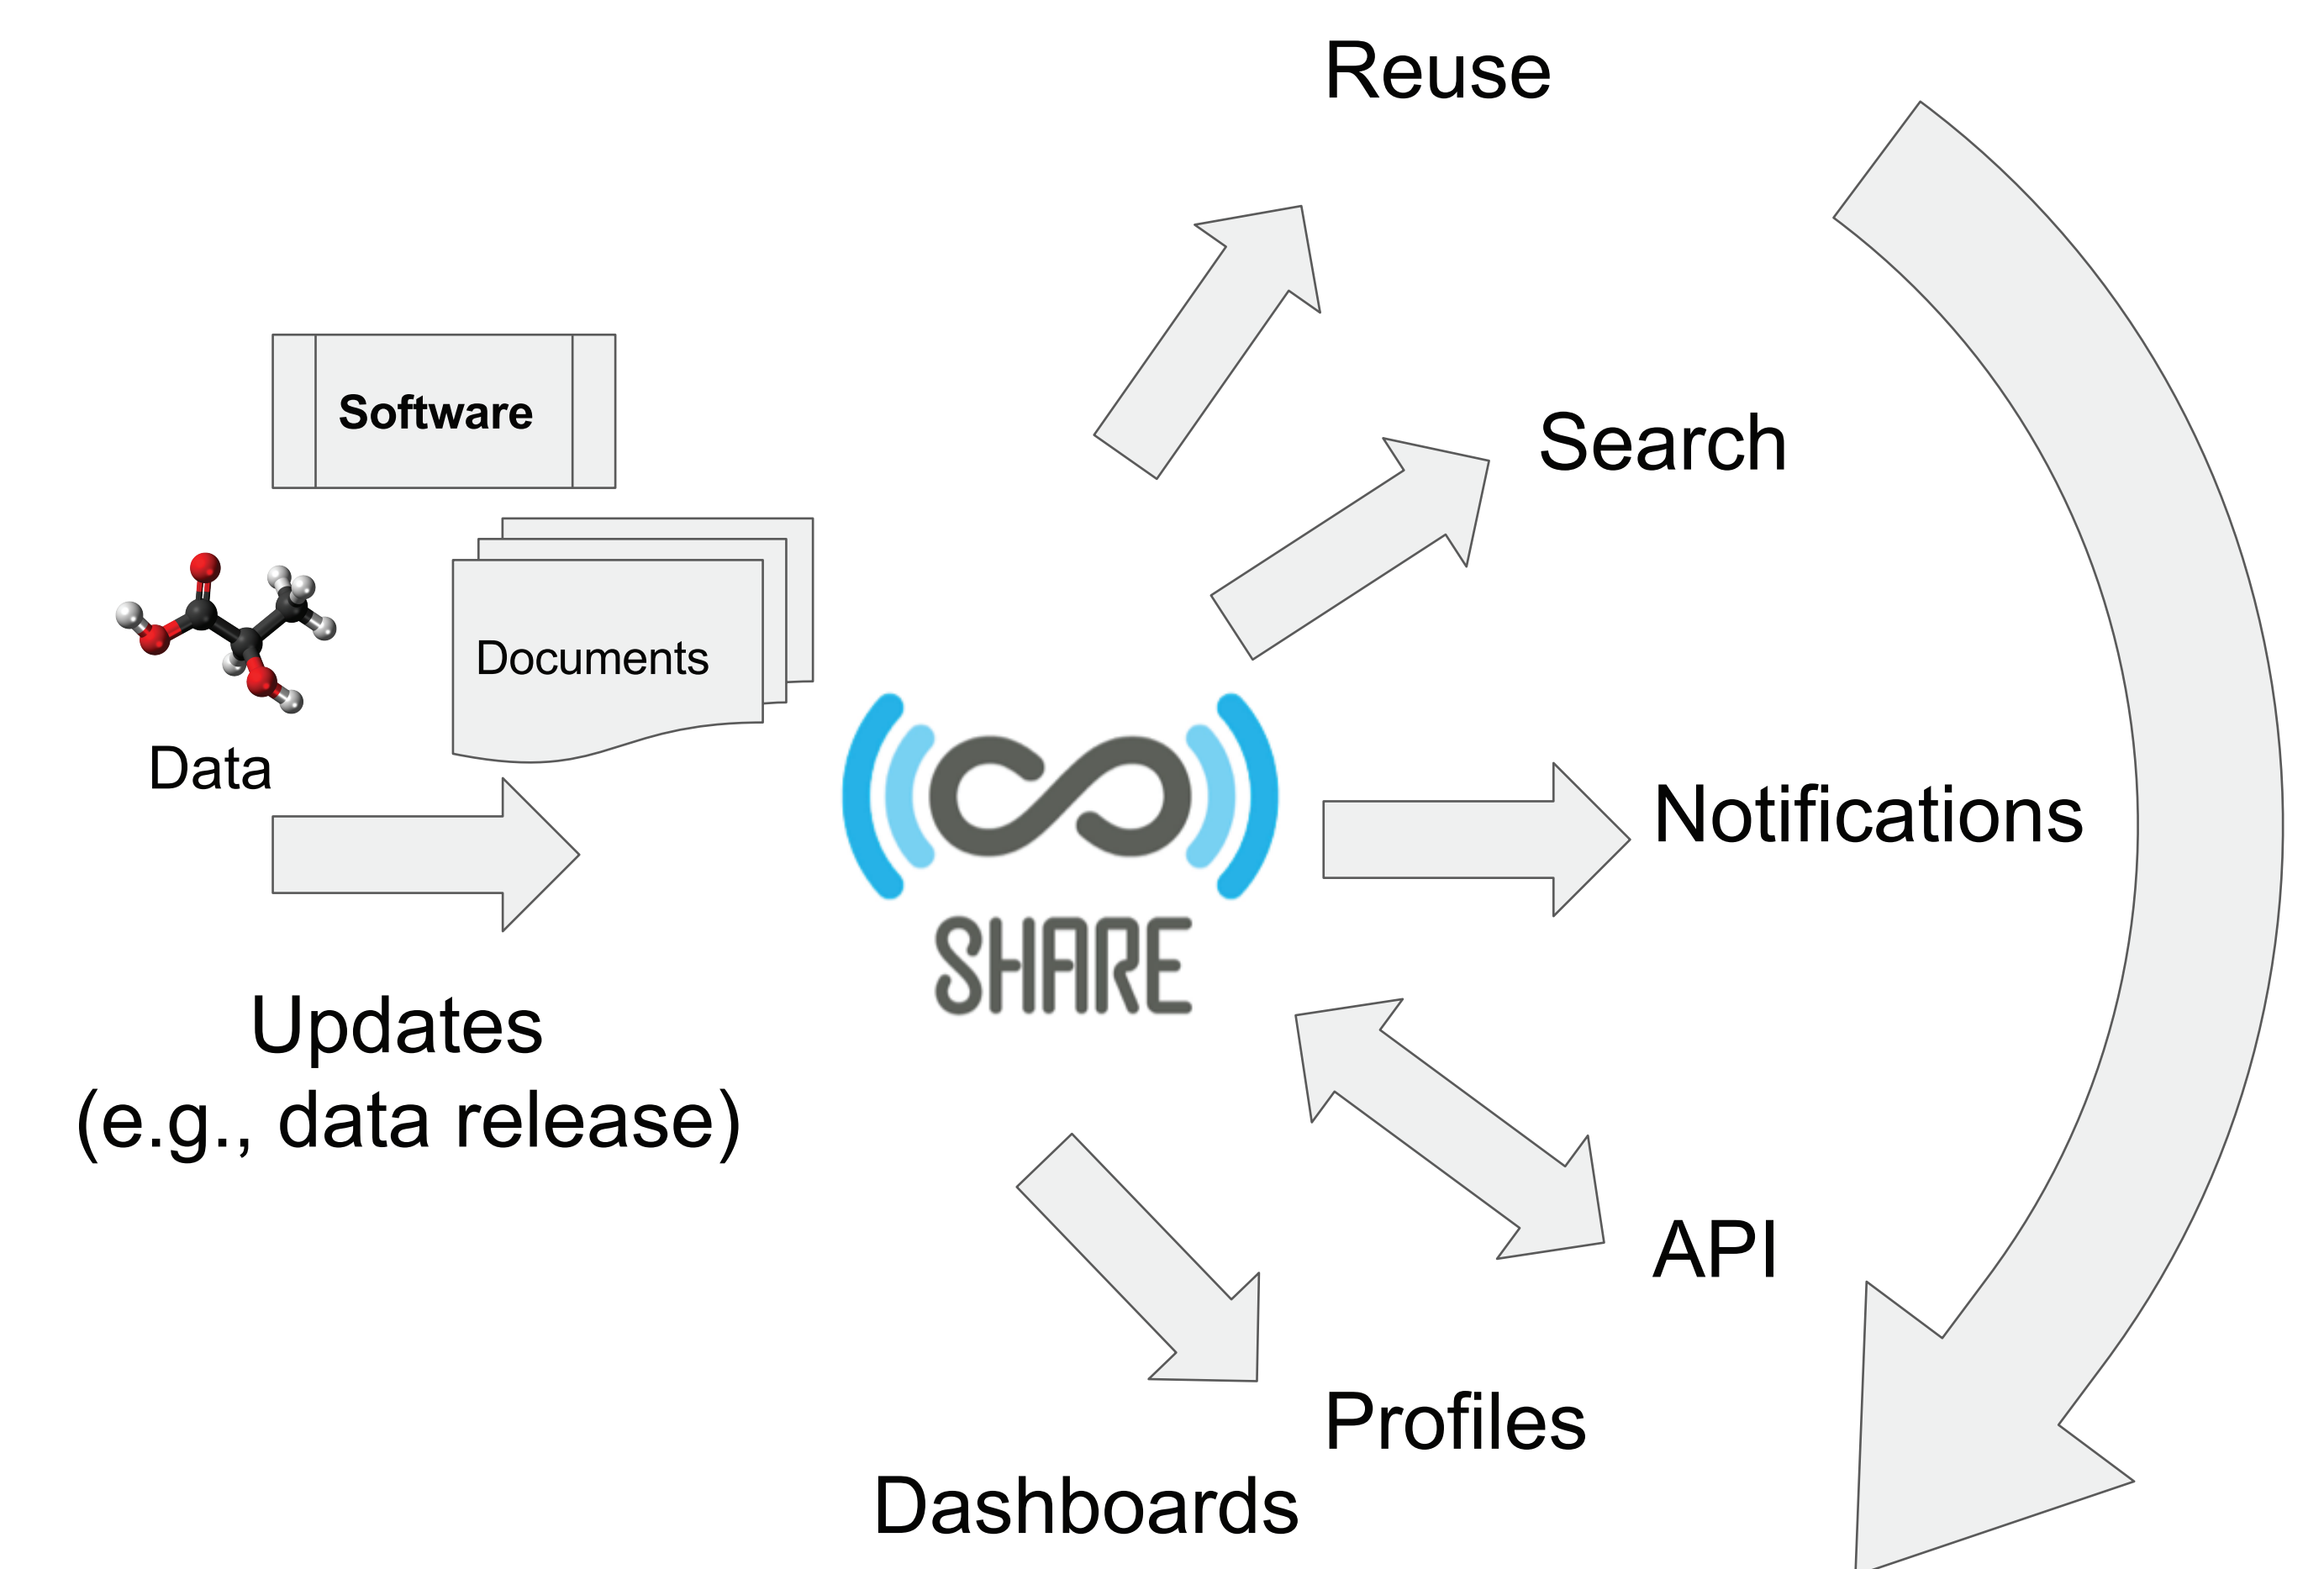

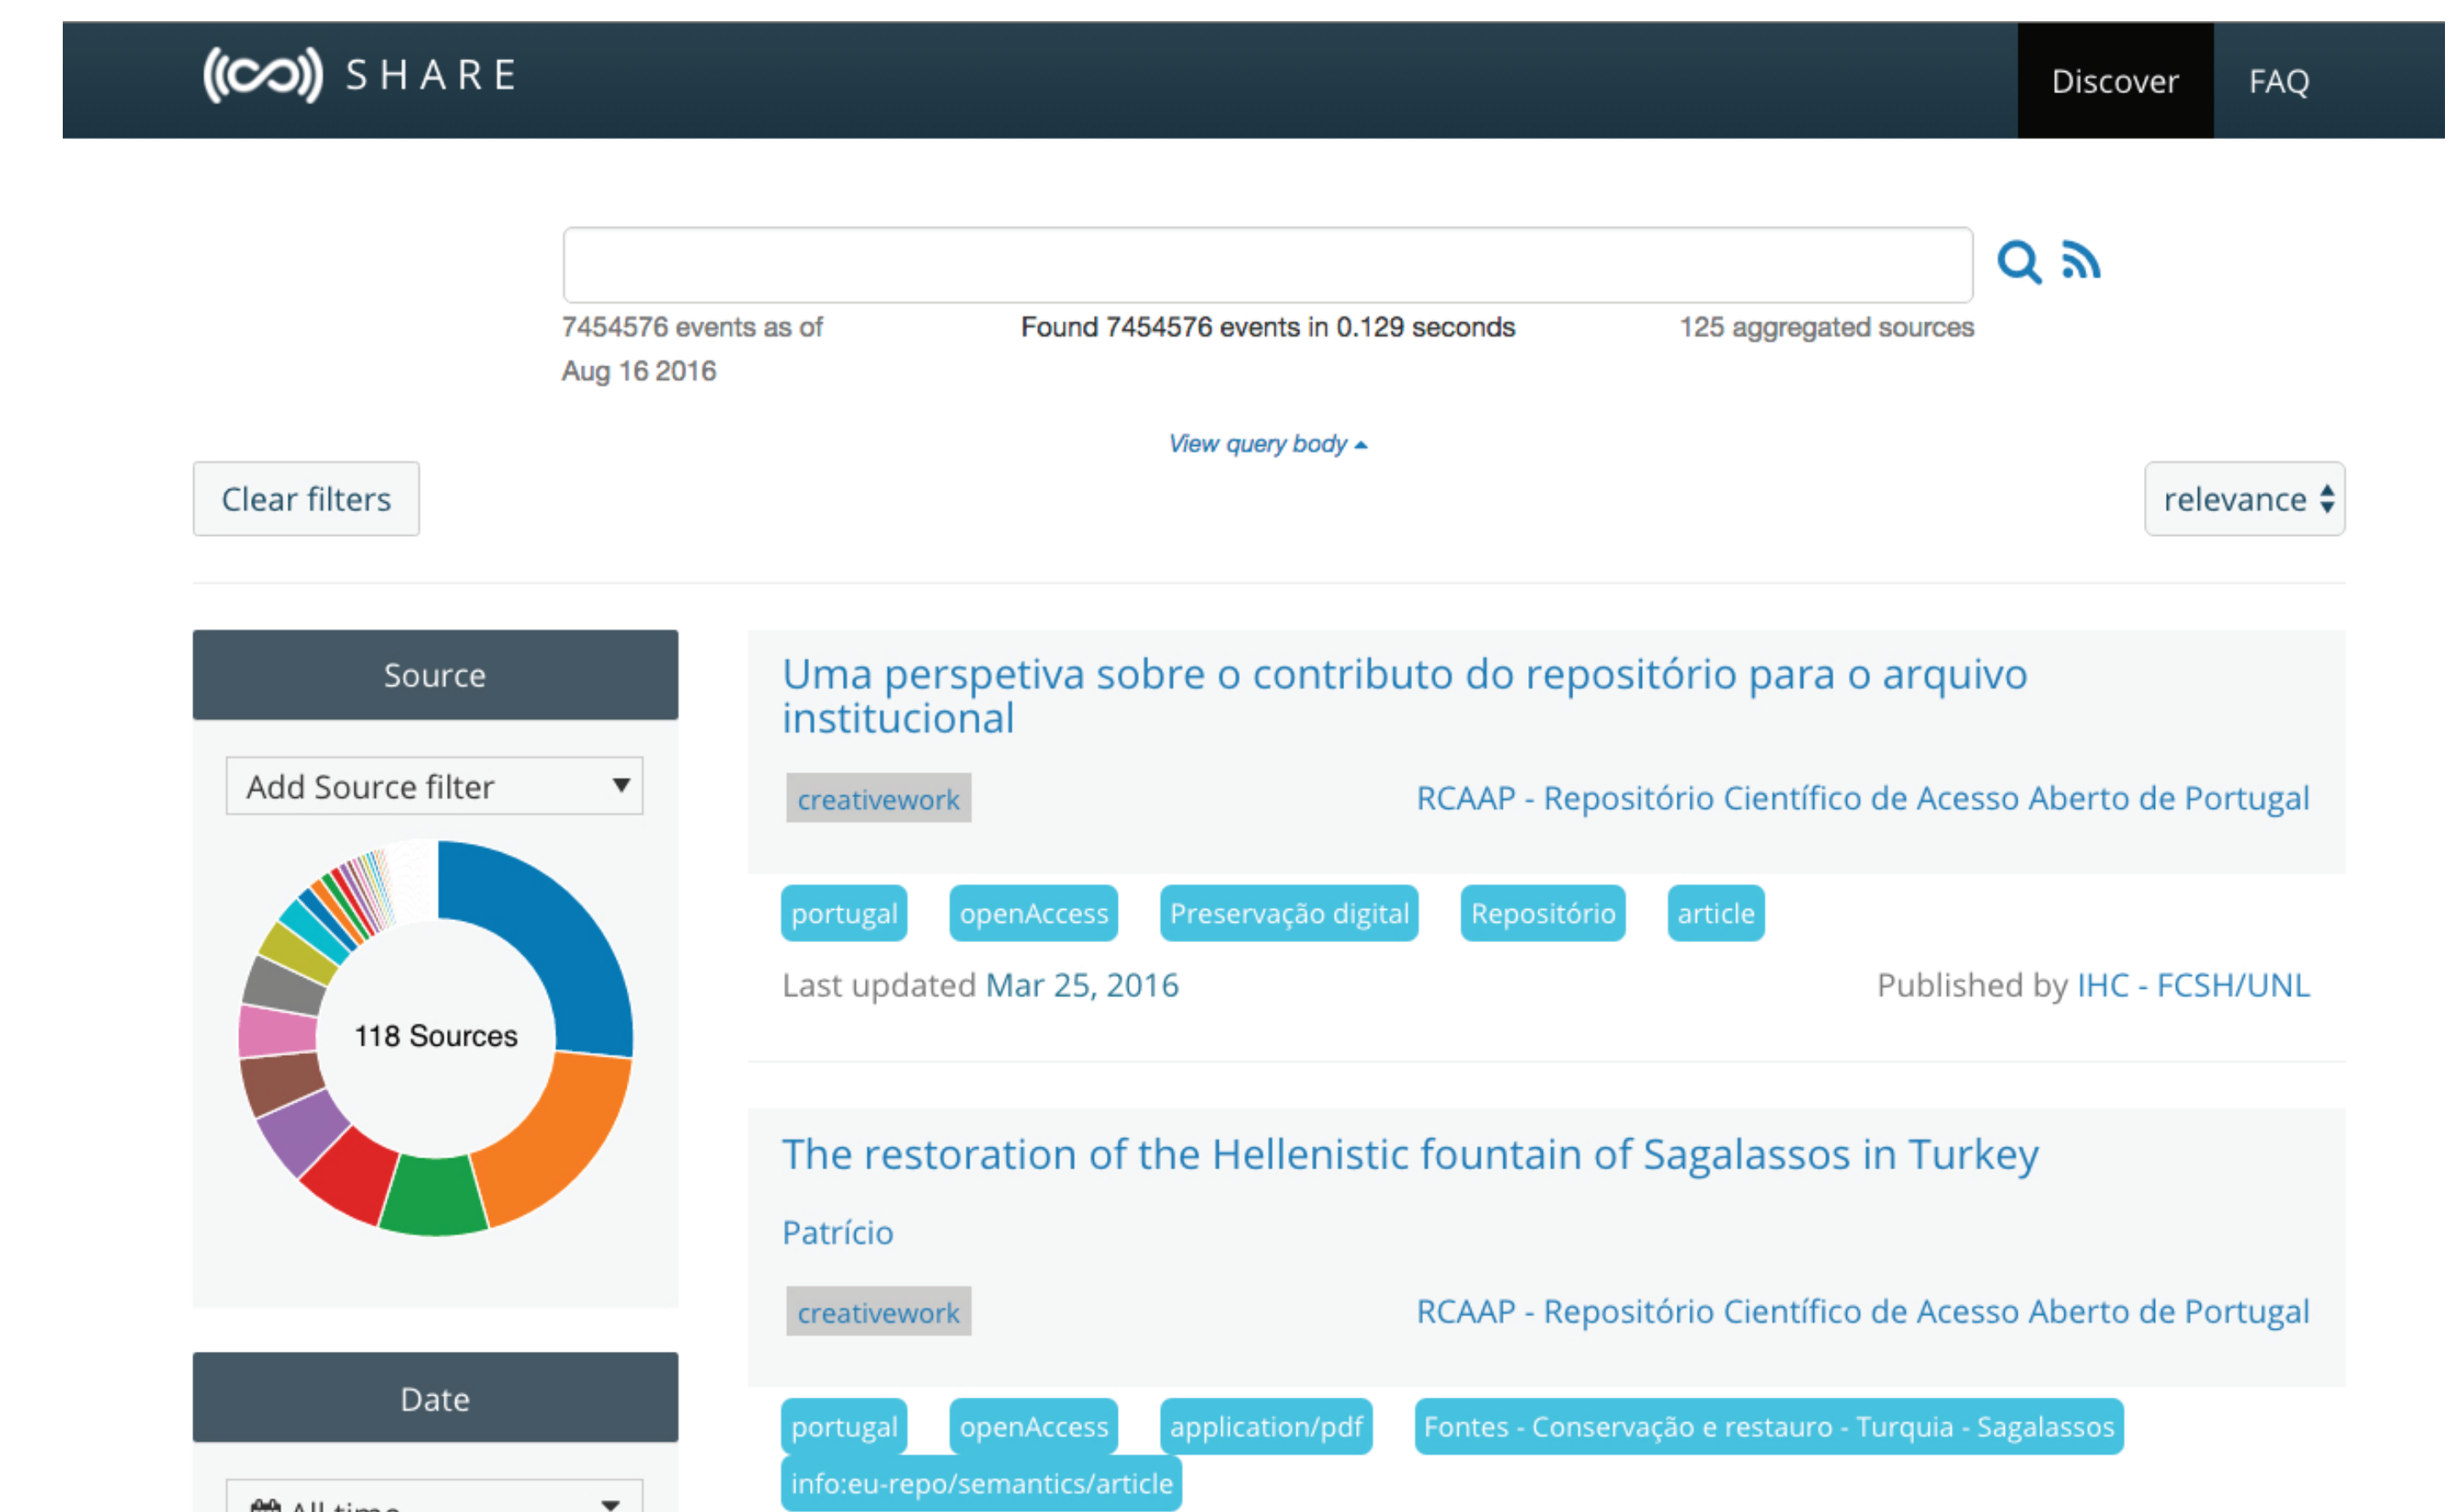

SHARE is

- **Free, open data set** of research and scholarly activities harvested from 125+ data providers
- Notification service of >6.5 million research events of data mgmt plans, preprints, articles, repository deposits, and **other scholarly activity**
- Harvester of **diverse set** of data providers: funders, publishers, data repositories, institutional repositories, scholarly activity
- **Community** of international members such as funders, publishers, government orgs, universities

Collecting All Stages of the Research Lifecycle
