Fampiasana ny 'tableau de bord'

Ny 'tableau de bord' dia ahafahanao manaraka akaiky ireo fanehoan-kevitra sy famantarana nataonao, mijery ireo tatitrity ny fandinihana vaovaona izay nataon'ireu olona arahinao, ary manampy anao manaraka tsy tapaka ireo mpikambana!

The screenshot shows the iNaturalist.org dashboard with several sections highlighted by red boxes and arrows:

- Vaovao (Mises à jour)**: Points to the "Recent updates" section.
- Daty sy andro (calendrier) ny tatitra ny fandinihana**: Points to the "Add observations" calendar.
- Abonnements**: Points to the "Your subscriptions" section.
- Atsofohy any anaty blaogy na anaty tranokala ireo tatitrity ny fandinihana nataonao**: Points to the "Extras" section.

Manaova 'abonnement' amin'ireo vaovao farany

The screenshot shows the iNaturalist subscription interface. It consists of three main sections:

- Left Panel (Place Subscription):** A form titled "Subscribe to a new place/taxon". It has fields for "Place" (with a dropdown menu) and "Taxon" (with a dropdown menu). Below these is a blue "Save" button and a red "* Required" label.
- Right Panel (Taxon Subscription):** A form titled "Subscribe to a new place/taxon". It has a field for "Taxon" (with a dropdown menu) and a blue "Save" button. Below it is a red "* Required" label.
- Central Summary:** A section titled "Your subscriptions" with a small icon. It lists "Places" and "Madagascar (Private) Edit". Below this are buttons for "Add place subscription", "taxon subscription", and "Manage all your subscriptions".

A large red arrow points from the left panel towards the central summary. Another large red arrow points from the right panel towards the central summary. A red circle highlights the "Add place subscription" button in the central summary.

Azonao ihany koa ny manao 'abonnement' amin'ny fahazahoana vaovao amin'ny iNat momba ireo toerana sy sokajin-javamananaina (taxons). Raha manao abonnement momban'ny toerana íray ianao, ohatra 'Madagasikara', dia haharay avy hatrany ireo tatitra fandinhana vaovao.

Aza mitsahatra manaraka vaovao.

The screenshot shows the iNaturalist.org homepage. At the top, there is a navigation bar with links for "Observations", "Species", "Projects", "Places", "Guides", and "People". The "Observations" link is highlighted with a red circle and an arrow pointing to it from the left. Below the navigation bar, there are three sections: "Observations by Everyone" (with a count of 1,712,738), "Explore Your World!" (with a world map icon), and "Welcome! to iNaturalist.org, where you can record what you see". On the right side, there is a search bar with a red circle around it and an arrow pointing to it from the top right. Below the search bar, there are two examples of observations: "Snakes Suborder Serpentes" and "Red-spotted newt (notophthalmus viridescens)". Each observation entry includes details like date, place, photo, and a "Needs ID" button.

The screenshot shows the iNaturalist interface with a search bar at the top containing 'Search' and a dropdown 'search all fields'. Below the search bar are filters for 'photos' (selected), 'sounds', 'out of range', and 'Qualifications' (any). The 'Place' filter is set to 'Madagascar Country'. The 'Taxon' filter includes 'Coffees, Bedstraws, and Allies'. The 'Exact rank' dropdown shows 'any' selected. A large red arrow points from the text 'Ny fijerena faritra iray amin'ny alalan'ny 'zoom' dia ahafahana manasongadina toerana iray raha tsindrinao eo amin'ny Redo search' to the 'Search' button. Another red arrow points from the text 'Redo search in map area' to the 'Redo search in map area' button at the bottom left. The main content area displays a map of Madagascar with numerous green location markers. To the right of the map, a list of observed species is shown with red boxes highlighting specific entries:

- Gerrhosaurus lateralis* (with photo)
- Guettarda speciosa* (with photo)
- narrow-leaved buttercup* *Coptisima* (with photo)
- Guettarda obvata var. *sphaerocarpa** (with photo)
